The logo is shown at an angle, tilted upwards to the right, which is not the correct orientation.

Do not rotate logo.

The logo is shown with a wide, flat, and slightly irregular font, which is not the correct typeface.

Do not deform logotype in any direction.

The logo is shown with a thin white outline around the letters, which is not the correct style.

Do not use outline.

Two versions of the logo are shown side-by-side: one in blue and one in pink, both with the tagline in a different color.

Do not use any other colors as defined.

The logo is shown with the tagline "blockchain security" on two lines below the word "ackee", which is not the correct arrangement.

Do not rearrange logo.

Only the word "ackee" is shown in white, without the tagline "blockchain security".

Always use complete logo.

ackee

Do not use the incomplete logo.

The Ackee logo without Blockchain Security is only used by Ackee itself and only used on the Ackee socials as PFP and blog covers for simplicity.
